NO LET UP.

Hundreds of People Attend the Sales and Capture Bargains Daily.

There is no let up at the auction sales of the Otero jewelry stock. Every afternoon and evening the store is crowded with buyers, and the competition is lively. Bargains are being obtained by everybody and if you haven't been there you should go today. Last night a gentleman bought a beautiful $18 clock for $4, and another bought a diamond ring worth $110 for $45. These are only sample bargains, for hundreds of even better ones are secured daily by people of whom the reporter has no record. Don't miss the sales today at 2:30 and 7:30 p. m.

Be with the crowd to Colorado

Mrs. H. W. Mitchell, Mr. and Mrs. W. C. Porterfield, of Silver City, N. M., Mrs. E. L. Jones and daughter, of Alamosa, and D. L. Williams, of Del Norte, will also join the party here. At La Junta another car containing Sir Knights from that place and Trinidad and about a dozen from New Mexico, will be put on the train and the three cars which will be labelled "Knights Templar Commanderies of Southern Colorado" will go directly through to Boston.

Under the cover of the itinerary of the southern Colorado commanderies the train is due to arrive at La Junta at 12:48 Friday morning. Breakfast will be had at Kinsley at 8:35 a. m. and dinner will be had at Florence, Kas., at 1:10 p. m. Supper will be served in the dining car attached to the train and the party will arrive in Kansas City Friday night. Saturday the southern Coloradoans will join the Colorado grand commandery at Chicago and proceed with them at 7 o'clock Sunday night. Sunday will be a day of sightseeing, as the train will arrive at Chautauqua lake, N. Y., at 7 a. m., where three hours will be spent in the morning and four hours and a half at Niagara Falls in the afternoon. Monday morning at 7 o'clock the cars will arrive at Boston.

Pueblo commandery is the only one in Colorado which has exclusive quarters, and it was only by taking them last February that they could be retained. They will be located at 727 Boylston street, only about two blocks from the grand encampment headquarters at the Hotel Vendome. There are accommodations for about forty people and the rates are most reasonable. The building is centrally located and of easy access to all the car lines.

Numerous excursions and side trips have been arranged for the Knights and their ladies. On Thursday, August 29, they will take a day's outing with the

rilla according to directions. Furthermore, we have yet to learn of a case in which it failed to afford benefit. So say hundreds of druggists all over the country. Has cured others, will cure you.

WILL NEVER BE FOUND.

No Likelihood of Positive Discovery of Pueblo Victims at the Gumry.

Judge G. W. Collins came down from Denver yesterday and says there is no prospect of finding the bodies of W. J. Corson or A. S. Blake who perished in the Gumry hotel disaster. He doesn't think the bodies could ever be recognized even if found, many of those taken out being horribly burned and terribly mutilated. The judge was at the ruins Tuesday night assisting in the search for Mr. Corson's body but says it is impossible to tell who any of those taken out are.

E. B. Wicks and others yesterday raised about $200 to assist Mrs. Corson.
