

Borrowing eAudiobooks

Begin using downloadable audio books by downloading OverDrive Media Console onto your computer. You can download this required software by opening the internet browser on your computer and going to http://downloadables.pueblolibrary.org

Click on Help from the menu options at the top. Then click on the banner for OverDrive Media Console to download the audio book software.

Click the Download button. Then follow the prompts to Save and Install the program onto your computer

Once you have downloaded and installed OverDrive Media Console on your computer you can now search for audio books to checkout on the PCCLD OverDrive website by navigating to http://downloadables.pueblolibrary.org

Begin by signing in to the website by using your Library Card number and PIN (the PIN is the cardholder's birth date as MMDDYYYY):

To search for a specific book use the search feature or the advanced search options.

Results will appear in a result list. Audio books will be identified with an earphone icon above the books cover. Click on the cover of the book to get further information.

NOTE: Audio books are available in two formats (MP3 and WMA). Some titles may only be available in one of these formats. Before selecting a book, check to make sure that the format available is compatible with your computer and/or mobile player. Each title will list the available formats. For more information on your devices capabilities check with the device manufacturer.

Click Borrow to checkout the book. Your account bookshelf will display giving you the option to download the book to your computer.

To download the book click on the Download button and check mark the format you wish to checkout. Note: You can only select the format one time.

Click Confirm & Download to begin the download.

Overdrive Media Console will open and prompt you begin the download of the audio book.

Click OK to begin the download of your book. The download can take awhile depending on your internet connection.

OverDrive Media Console will allow you to transfer audio books to your mobile playing device. Depending on your device Media Console may need to utilize other programs on your computer to perform the transfer (for example iTunes for Apple iPods, etc.)

Follow these general steps to transfer a book to your player:

- **1**. Plug the device into the computer using a USB cord.
- 2. Click on the book in OverDrive Media Console to highlight it.
- **3.** Click Transfer from the menu in OverDrive Media Console.
- 4. Follow the prompts to add the book to your device. OverDrive Media Console should identify your device and assist you with transferring the book.
