The Loseling monks (as seen on House of Cards) are coming to Pueblo City-County Library District July 19-23 for the Summer Reading Program.

The monks will create an impermanent sand mandala during open hours at Rawlings Library and have lectures on enlightenment, kindness and the symbolism of the Mandala during their time here.

The library is looking for sponsors for the programs and host families for the Monks starting July 18.

## Assistive Technology Center to launch June 23!

Pueblo City County Library District is engaged in an initiative to revitalize and expand its resources for patrons with disabilities who visit the library.

An assistive technology center located on the second floor of the Rawlings Library will officially open on Friday, June 23 which features a new computer, large monitor, adjustable table/chair, track ball, large keyboard and magnifier.

The computer is equipped with new assistive technology software including Jaws, Dragon Naturally Speaking and Zoom Text to accommodate a variety of disabilities and provide equal access to information.

In addition, the library district's large conference rooms will be outfitted with assistive hearing devices, beginning with the Ryals Room at Rawlings in June and

Pueblo West's conference rooms later this year.

To expand its resources the district also will have Sorenson video relay services available at all library locations beginning Friday, June 23.

These changes are expected to positively impact how we serve people with disabilities in the Pueblo community.
