## Facebook @ the Library by Jon Walker

Are you on Facebook, yet? I am and so is the Pueblo City-County Library District. In fact, 611 people now regularly follow library events and activities on Facebook.

What is Facebook? The simple answer is Facebook is a social networking website. But really it is much more. Originally launched in 2004 as way for college students to stay in touch with one another, there now are more than 500 million registered Facebook users.

With so many people flocking to Facebook, it is important for the library to be there, too.

A Facebook user creates a profile with photographs, interests, contact information and other tidbits of data. You can connect with other Facebook "friends" online either through public or private messages. Facebook even supports online chat.

Importantly, Facebook is free and open to the public.

Why would you want to be on Facebook? Reasons can vary, of course. Some common causes include professional networking, reconnecting with old friends and acquaintances, socializing with friends, connecting with organizations, and learning new information.

What is the library doing on Facebook? Quite a lot, really. Not only do we offer information on the latest library news, but also such things as access to the library catalog and connection to book news and online book clubs.

I encourage you to get on Facebook and check us out at <http://www.facebook.com/pueblolibrary>.

*You can reach Pueblo City-County Library District's Executive Director, Jon Walker, by calling 562-5633 or emailing [jon.walker@pueblolibrary.org](mailto:jon.walker@pueblolibrary.org).*

## Barkman book-discussion group

*The Help* by Kathryn Stockett

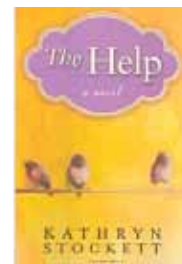

Monday, Nov. 1 at 7 p.m.

Barkman Library

Eugenia Skeeter Phelan is just home from college in 1962, and wants to become a writer. She's advised to hone her chops by writing about what disturbs her. The budding social activist begins to collect the stories of the black women on whom the country-club sets relies and mistrusts. The women include Aibileen, a maid who's raised 17 children, and Aibileen's best friend Minny, who's found herself unemployed more than a few times after mouthing off to her white employers. The stories in Skeeter's book are scathing and shocking, while bringing pride and hope to the black community. This event is free and open to the public. For information, call 562-5680.

Rawlings Library ~ InfoZone Theatre, 4<sup>th</sup> floor

Having grown up in small-town Slovenia, 23-year-old Alexandra embraces the excitement and anonymity of big city life when she moves to the capital. She styles herself as a call girl, planning to take advantage of everything the city has to offer. But her isolated existence — English studies and mortgage payments by day, call girl lifestyle by night — is shattered when one of her clients, a visiting politician, dies of a heart attack on her watch. Alexandra must suddenly confront fear, guilt, and desperation as she finds herself pursued by a band of local pimps, as well as the cops, hot on her trail. The old village life she had escaped from might now become her only refuge. The film is free, and public seating is on a first-come, first-served basis. For more information, call 562-5604.

The film is free, and public seating is on a first-come, first-served basis. Cosponsored by CSU-Pueblo.

Faces from the Land is a traveling exhibition that documents the proud spirit and identity of American Indian powwow dancers throughout the United States and Canada. This extraordinary exhibition features thirty-six of Ben Marra's large, color portraits of powwow dancers. Each photograph is accompanied by personal narratives written by the subject and compiled by Linda Marra, which describe the tribal significance of the subject's regalia and dance. These striking images vividly detail the magic of the powwow, which juxtaposes ancient tradition and modern culture.

## Trustee Talk by Roy Miltner, Board of Trustees

"The mission of the Pueblo City-County Library District is to serve as a foundation for our community by offering welcoming, well equipped and maintained facilities, outstanding collections, and well-trained employees who provide expert service encouraging the joy of reading, supporting lifelong learning and presenting access to information from around the world."

Ever since my wife and I moved to Pueblo more than a decade ago, I have witnessed the outstanding efforts of the Library director and staff in fulfilling the above stated mission. It was with much personal pleasure then that my appointment to the Board of Trustees was approved to fill a vacancy until the end of this year.

As Pastor of a large Lutheran congregation in Iowa, I was much engaged in community affairs, including work with the local library. When Pueblo became our retirement home I sought to continue such involvement as a volunteer. This included shelving books at the Barkman Library and then serving as a member and officer of Friends of the Library. One of the finest accomplishments of that latter position was the opening of Books Again, which has proven to be not only a great service to the reading public, but also a means of funding special projects for the library district.

Now our libraries face a great challenge. If the three initiatives on the ballot in this year's general election are passed, there will be changes affecting the way we carry out our mission. For while it is true that taxes will be reduced, there will also be significant reductions in library hours, the closing of some libraries, and staff layoffs. Please keep these things in mind when you go to the polls. Whatever the outcome, your Library staff and Trustees will continue to do our best to use the resources available to us to carry out our mission.

## ***Friends of the Library president's corner***

### ***by Annette Warfield***

October was a busy month for Friends of the Library and PCCLD. Congratulations to PCCLD for a very successful kickoff to "All Pueblo Reads." A \$10,000 grant from FOL enabled the library to bring the featured author to Pueblo as well as help provide the 80 events to begin this year's "All Pueblo Reads".

The Books Again sale added approximately \$6,100 to the Friends' treasury. FOL appreciates everyone who supported the October sale. Thank you to all FOL volunteers who do the hard work of preparing for this sale. Books Again managers, Melanie Tappen and Connie Converse, work tirelessly directing volunteers to make these semi-annual sales so successful. I would like to give a special thanks to Connie. During October, she not only gave unselfishly of her time and energy for the book sale; but also squeezed in numerous hours to the "Save Our Library" campaign. Thank you, Connie.

After the sale, every effort is made to see the remaining titles are put to good use. Nursing homes took advantage of unsold large print titles. Also taking advantage of unsold titles were El Pueblo Adolescent Treatment Center and the county sheriff. A Pueblo county employees group took several titles as they are planning a book sale to benefit the United Way. Of course, all paperbacks are

recycled. Again, thank you to all FOL members who help with this enormous project.

The Scary Story awards program was held the evening of October 27 to a full house. After Friends of the Library completed judging the 2,247 entries, 56 stories were chosen to be published in a booklet cleverly designed by Tabitha Davis. Parents, grandparents, friends, and teachers joined the creative writers in a night of recognition. FOL proudly provides all prizes for this spooktacular event. Also during October, FOL past president, Jim Stuart, (now Board of Trustees president) and Connie Converse spoke in Loveland at the Colorado Association of Libraries' (CAL) Conference. Connie and Jim participated in a session explaining how Friends and Trustees create community awareness to benefit libraries. They expounded on some of the successful strategies used in Pueblo. Bravo--one more recognition of the great Friends' community found in Pueblo!

Please keep inviting your friends, relatives and neighbors to join FOL. Friends members are the foundation of our generosity.

## ***Hello to an indispensable one among us by Edna Shoaf***

Are you fortunate enough to have in your work place an individual who seems to be totally indispensable? That someone who always knows the answer, and if not is able to find the answer quickly? Someone who wears many hats, does many things, and does them all well and with a lovely smile? Isn't it great to have such a person in your midst?

The FOL has such a person and her name is Tabitha Davis. Now, I ask you - what would we do without Tabitha? She is the recording secretary for the FOL Board, and she always seems to know the answers to the questions that are asked. So, let's get to know this paragon.

Tabitha is a Pueblo native, born here, schooled here and graduating South High, meeting her husband here, having her children here, and still here performing the tasks assigned to her with assurance, accuracy and alacrity.

Tabitha of the long dark hair and the pleasing giggle met Michael at PCC where she was receiving an Associates Degree in Applied Science with emphasis in Medical Transcription. She worked in this area part time for two years. She came to the library in 1995 when she began working part time doing shelving. In August of 1999 she became a full time employee as a Community Relations Assistant, a title which she still holds. It is interesting that Michael also works at the library in Tech Services.

When the FOL needed a recording secretary, Tabitha assumed that responsibility along with her other duties. She does most of the layout for the Library Newsletter and also gathers all the information from the different

areas of the library. She works with all the contests, both for the FOL and the library. She attends all the awards ceremonies for the contests and prepares the awards for the students. She prepares the flyers and handouts for activities such as All Pueblo Reads, and the handouts that are found on the information racks. She is involved with any of the publicity for the library. All of this with that lovely smile. Wow! Try following her around for a day!

Tabitha and Michael have two daughters - Kira who is seven and three year old Breanna. She said that her hobbies are reading and tending her rose garden - when she has time. She would enjoy traveling, but job and family keep her quite busy. She has been able to get away to Disney World and to visit Florida, California, Oklahoma and Texas.

When I asked what was the neatest thing about her job, she said it was the interaction with people. She has contact with school teachers for the contests - Scary Stories, Teen Draw-a-Book Cover and write a Book Review, Manga Art (which is new), Writing a Story for FOL, Pueblo Girl, Women's History, Poetry, Most Improved Reader, and making a Bookmark. She stated that some possible changes to the library in the future would probably be more use of electronics. Children are not afraid of machines.

How fortunate we are to have Tabitha on our team. Thank you, girl friend, from all of us who benefit from your endeavors! And a personal thank you for keeping me on time with my own contribution to the newsletter!
