**Pueblo library district suspends all programs, events
and meeting room usage until further notice**

PUEBLO, Colo. — Effective Friday, March 13, all library programs, classes, events and outreach activities are canceled through April 15. This includes all meeting room bookings. This action is being taken in alignment with decisions by other local organizations to help promote health officials' recommendations for social distancing to mitigate the spread of COVID-19 (Coronavirus). We will continue to monitor this situation and keep you apprised should these circumstances change. The health and safety of our staff, library users and the broader community is of utmost importance.

All library locations are currently open and operating with normal business hours, although all meeting room reservations and library programs are canceled through April 15. Meeting room reservations and library programs after April 15 remain in place for now. We take the health and well-being of our customers and staff seriously and are following recommended protocols for cleaning and disinfecting our facilities and high-touch areas in them.

For more information on COVID-19, please visit Pueblo Department of Public Health and Environment's website (<https://county.pueblo.org/public-health/pueblo-department-public-health-and-environment>) or call the health department's COVID-19 hotline at (719) 583-4444.
