Renovations begin August 1, branch will close for the duration

Renovations to the Barkman Branch Library are set to begin Tuesday, Aug. 1. The \$4.2 million project will involve major improvements including an expanded community meeting room; a bridge connecting the library to an outdoor green space; dedicated spaces for children, teens and adults; and updated

security systems. Renovations are expected to be completed by mid 2024.

The Belmont-area branch is next in line for renovation, according to the Pueblo City-County Library District's master facilities plan. The 7,063 square-foot branch has seen more than 1.6 million visitors come through its doors and

more than 2.7 million materials have been checked out during the past 11 alone.

"I am pleased that the library district is able to continue investing in its facilities. The renovation of the Barkman Library is important for serving the neighborhood well," Sherri Baca, PCCLD executive director said.

New and expanded public areas include:

- An outdoor bridge will span across the existing drainage storm drain spillway, leading to a green space of the park.
- Dedicated spaces for children, teens, adults.
- A Maker Space.
- An expanded meeting room that will allow meetings for up to 70 persons.
- Two new study rooms.

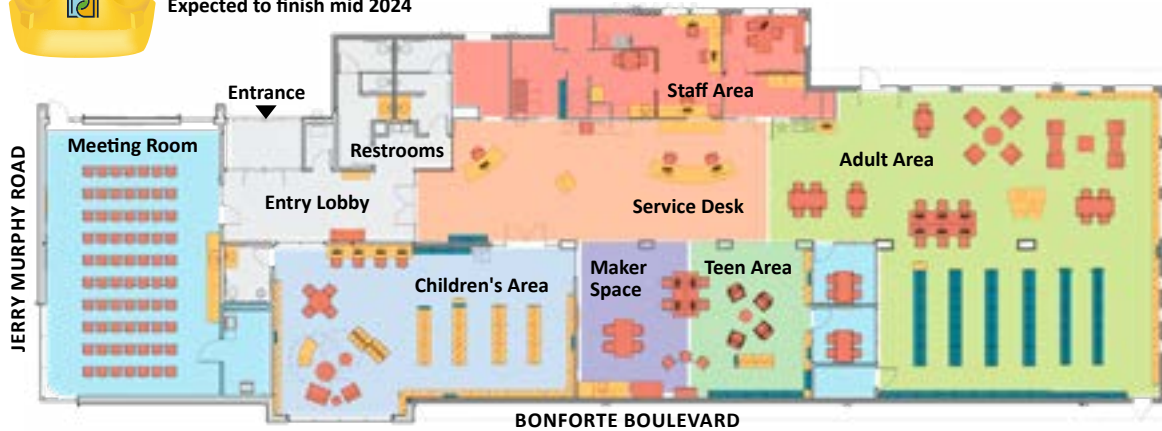

Additional safety measures include:

- Updated indoor CCTV will provide greater coverage of interior spaces.
- New outdoor parking lot security cameras that will provide 24/7 monitoring
- Environmental sensors in both public restrooms.
- Additional on-site PCCLD security staff.
- More public parking and enhanced outdoor lighting.
- Lower bookshelves that will provide better line of sight for staff.
