an excellent company, last evening delighted the audience at the Tabor opera house in the German comedy of 'Otto.' From beginning to end, the performance was admired and appreciated, the inimitable rendition of the specialties presented by Mr. and Mrs. Knight bringing forth loud applause. The support is the finest that has ever come to Denver in a comedy company and there is not a stick in it. Every performer has an interesting part, and in its rendition each is well versed and clever. This evening 'Otto' will be repeated and 'Baron Rudolph' will then be given the rest of the week. The Knights deserve crowded houses, and last evening there was a decided increase, in point of numbers, over the opening night."

The Atchison, Topeka & Santa Fe will put on a fast train to Denver from Kansas City about April 1. The train will run through solid between these cities, and will be known as the "Cannon Ball." It will reduce the time to Denver to the same as made by the Kansas Pacific—about twenty-two hours. There is some talk of making it a new train throughout, new sleepers, new coaches and new baggage cars.
