PERSONALS

S. S. Bellesfield will return from his ranch near Boone today.

S. P. Graham spent Sunday in Colorado Springs.

Mr. and Mrs. William Barber returned yesterday afternoon to their home in Colorado Springs, after visiting relatives three weeks in Pueblo. Mr. Barber is a brother of Mrs. A. S. Andrew.

Q.—What is the price of ice? A.—40 cents cwt. Q.—Who caused the reduction. A.—The Forbush Fuel and Ice Co. Moral—Buy from them.

John D. Crawford Passes Away

John D. Crawford, one of the pioneer citizens of Pueblo county and twice county clerk, died yesterday afternoon at a hospital in Pueblo. Mr. Crawford lived on a ranch on the lower Greenhorn. He had been ill for some time.

Mr. Crawford was 68 years of age. He came to Colorado in 1873 and had resided here continuously since then. In 1879 he was elected county clerk and was re-elected in 1881. He was a member of the Masons, being affiliated with an Illinois lodge.

Mr. Crawford is survived by a widow and seven children, as follows: Mrs. Zelica Baker, D. O. Crawford, Mrs. Leola Cox, J. P. Crawford, J. J. Crawford, Mrs. Mary Ranpschler and Mrs. Julia Ranpschler.

The funeral announcement will be made later.

No Vaudeville at Grand Today

There will be no vaudeville performances at the Grand today either matinee or evening owing to the appearance tonight at the Grand of "The Girl Question," as the scenery is so elaborate that it takes the greater part of the stage to stage the production from a scenic standpoint.

Vaudeville will be resumed tomorrow. Two new acts will arrive from Denver to replace the enforced withdrawal of the Lewis McCord company, presenting "Her Last Rehearsal" and the bill will as a result be up to the very high standard set by the Grand opera house management.

THE CLARK MAGNETIC MINERAL SPRING, corner B and Spring

High Record of Sunshine

The March climatological report for Colorado shows that Pueblo is still at the top in sunshine. Denver had 228 hours of sunshine, which was 62 per cent of the possible, and 3 per cent less than normal. Pueblo had 263 hours of sunshine, which was 71 per cent of the possible. Colorado Springs went a little ahead of this record, with 84 per cent of the possible sunshine.

The general summary for the month says in part:

"The month was cool and stormy, with a moderately heavy but unevenly distributed snowfall. Neither the excess of precipitation nor the deficiency of temperature, however, was as pronounced as in several previous Marches. The wind movement was light, and the sunshine slightly below the normal.

"Mean temperatures were rather low in all localities, but there was a marked difference between the departures of stations not far distant from one another. This is common in months where there is little wind. The greatest deficiencies were found on the upper western slop, and the least in the lower Grand valley. The most severe cold occurred on the 12th, when unseasonably low readings were noted in the southern counties."

Stranger Seen at Selee Park

The mysterious stranger who has been hanging around Pueblo for several days, made his appearance at the ball park yesterday afternoon. Many of the players thought that he was a big league magnate and was here to look over the players with the idea of picking out a few, and excitement was high on the players' bench.

The mysterious stranger occupied one of the front seats and kept close watch on the game. "By George," he was heard to remark, "but it looks like Pueblo is going to have a chance after the Western league pennant this season. Never saw a bunch get together so well this early in the season."

And several who heard him make the remark wondered who he is but did not connect him with the man who has caused curiosity all over the city.

NOTICE.

Members of the Modern Woodmen are requested to meet at McCarthy's chapel at 1 o'clock this afternoon to attend the funeral of Neighbor Floyd Morrow.
