Bessemer Branch

In order to carry on a fight against Asiatic labor in as effective a manner as possible, the Asiatic Exclusion League last night named a committee to organize an auxiliary league in Bessemer. The committee was authorized to arrange for a hall and select a time of holding a mass meeting at which the Bessemer league is to be organized. Officers and many members of the league now in existence will be present to assist in the organization.

For the first time since the organization of the league the meeting last night was in secret. After the meeting a prepared statement of the objects of the organization was given out.
