New York Stocks

Buy New York stocks on every break, as prices will advance four or five points more during this month. You will see a more active market after the crop report is issued and stocks will work higher until about September 1st, when the bear side will be more profitable until after the election.

Grain and Provisions

Wheat has broken over the $1.00 mark and I believe that it will soon be found to be overbought, and a good break will be the result. Provisions at present are a sale on rallies, but the time is not far off when pork will advance from one to two dollars per barrel.

RISE IN SOUTHERN PACIFIC

Cotton and Corn Prosperity Encouraging Factors.

By Associated Press.

New York, Aug. 10.—Total sales, bonds, par value $2,900,000. Speculation in stocks was largely devoted to what are known as the specialties. The constant whipping up of excitement and activity in one or another of these afforded the principal sustaining influence on the general list. That this influence was not notably effective is disclosed by the list of changes for the day which were comparatively insignificant. The waiting attitude of the market was undoubtedly due to the desire to read the monthly report of the agricultural department in the grain crops and first conditions of the grain crops and especially of spring wheat before venturing on extensive commitments in stocks. The increased speculation in the specialties was apparently designed as a diversion for what promised to be a dull period, for the time of publication of the crop report being 8 o'clock would be no chance for operating in today's market on the basis of its information. There was a continued belief in the difficulty experienced in the east in the way of the maintenance of association prices as was shown by the persistence with which U. S. Steel ferred sunk below last night's price in face of the firmness of other stocks. Good advances were made in Southern western railroad stocks which were fairly attributable to the comparative prosperity of the cotton and corn crops as compared with wheat. The rise in Southern Pacific was impressive to sentiment because accompanied by showing the protective policy toward the market of its controllers. The conviction became firmer that gold would be exported to England this week, as sterling exchange continued to advance and the London market rallied on the same assurance. The whole market underwent some reaction, but the closing was active and firm.

Bonds were firm.

U. S. bands were unchanged on call.

Chicago General Markets.

By Associated Press.

Chicago, Aug. 10.—Bull enthusiasm succumbed to conservatism in the wheat pit today. News from the northwest continued to be a factor in the wheat market but appeared to lose power over the fluctuations of the market. There was no panic, no sharp breaks, no reversal of sentiment, but a general disposition to await further developments. Reports of northwestern receipts of wheat of 1,000 cars or more for the last two days and the fact that the movement is heavy; sugar beets doing well; cantaloupes nearly ripe.

PHILLIPS: Holyoke — Harvesting about finished, wheat crop cut short by rust; rye and barley good; corn growing rapidly; millet backward; hailstorm northwest of here did considerable damage on the 3rd; .72 inch rainfall.

WASHINGTON: Akron—Fine rain on 1st; millet and corn growing fast; barley harvest finished; wheat extra good; macaroni wheat about ready to cut; hay harvest in progress. Otis—Wheat and barley about all cut; wheat fair, rye light, oats fair; corn and millet need rain.

YUMA: Lansing—Corn damaged by dry weather, but good rain night of 1st.

KIOWA: Sheridan Lake—Favorable; crops and range unusually good; 1.32 inches rainfall.

CHEYENNE: Arcya—Garden truck doing well, second crop of alfalfa ready to cut; native hay big crop.

BACA: Blaine—Range good; crops and gardens doing well, .90 inch rain during week.

The Divide.

EL PASO: Husted—All crops making rapid growth, corn in tassel, 3½ inch rain. Fountain—Crops look good; corn doing well, ears starting, second crop of alfalfa ready to cut, plenty of water for irrigation.

ELBERT: Elizabeth—Good week for harvesting, rye about all in shock, filled, potatoes and oats excellent, second crop of alfalfa in bloom; corn in tassel; turnips and beets large.

Arkansas Valley.

PUEBLO: Pueblo—Cutting of second crop of alfalfa nearly completed; corn doing well, celery, cabbage and tomatoes fine, apples very promising, plenty of moisture.

PROWERS: Carlton—Heavy showers everything growing well, alfalfa seed slightly damaged by grasshoppers, second crop of alfalfa fair; native hay light, apples and plums ripe; millet improved. Holly—Frequent showers, plenty of water.

OTERO: Manzanola—Crop conditions excellent; rains retarded having; threshing under way, yield of wheat and oats heavy, cantaloupes ripening, crop in fine condition, tomatoes plentiful, peaches and plums fair crops.

BENT: Caddoa—Threshing and having under way, range fine, melons fair, but good prospects, beets and corn above average, but late, hay above the average.

South-Central Section.

LAS ANIMAS: Hastings—Good rain on 5th, crops growing fast, range improving, plenty of stock water. Weston—Light showers night of 4th, no irrigation water, second crop of alfalfa being cut, range needs rain badly.

CUSTER: Westcliffe—Showers every day delaying hay harvest, one-third of oat crop burnt up during July, but rest filling well, potatoes and gardens excellent; range improving

San Luis Park.

CONEJOS: Romeo—Local showers; grain filling well, potatoes excellent.

SAGUACHE: Mindi—Rain on 1st and 2nd, haying under way, range dry, cattle in lanes dying of starvation.

Grand and Uncompahgre Valleys.

GARFIELD: Catherin—Spring wheat turning, early potatoes ready to shock, plenty of water, range good. Carbondale—Crops doing finely, alfalfa headiest ever known in this section, early ripening, heavy crop, wheat fine, late potatoes promise large yield.

MESA: Calibran—Grain harvest begun; weather favorable, .46 inch rainfall. Grand Junction—Favorable, second crop of alfalfa good, corn nearly completed, fine, large apples have begun to come in; best prospects flattering, garden truck good. Fruits—Not much rain here as in the vicinity, but all crops look good, early apples heavy crop, second crop of alfalfa very heavy, corn excellent, beets fair, wheat thrashing begun, yield exceeds expectations.

Northwestern.

RIO BLANCO: Meeker—Very dry, rain needed, oats and wheat turning.

The Parks.

JEFFERSON: Lamb—Potatoes and grass doing well, timothy nearly ready to cut, fall wheat and range good, spring wheat being thrashed, oats and potatoes doing well; rain every day and cool nights. Critchell—Grass on range excellent.

A PHYSICIAN HEALED.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice, and heartily recommend its use to all physicians who have prescribed it. I have prescribed it in hundreds of cases with perfect success." Many persons in this community are suffering from kidney complaint who could avoid fatal results by using Foley's Kidney Cure." Sold by Baldwin Drug Co.

Her sisters-in-law, Mrs. John West and Mrs. Florence Scherer, spent the entire day yesterday in dressing it for the funeral.

Pathetic Scenes.

Special to The Chieftain.

Denver, Aug. 10.—Pathetic scenes attended the funerals of four of the twelve Denver victims of the Eden wreck which were held this afternoon. Those buried today were Thomas P. Reese, Glenn G. Graham, Benjamin F. LaShell and Joseph F. Turner.

One of the most pathetic funerals of all will be that at St. Dominic's church in the Highlands, when Miss Kate Gartland, with her two little children, and daughter, Lillian, will have requiem mass chanted for them. The bodies of the Gartland children have not yet been recovered. Mr. Gartland worn out with his search and almost distracted with grief came to Denver last night to attend the funeral arrangements, and will leave immediately after the burial with the scene of the disaster once more, in the hope of finding the other members of his family.

Ralph Page, whose son, Harold, is believed to have perished in the disaster is prostrated with grief and convinced his son is lost for the reason that the two some time ago entered into a pact, one of which each promised to notify the other in case of accident not fatal.

Dire Evidence.

Yesterday a searcher at work in the bed of the river near Eden discovered a trunk, half buried in the mud. The trunk had been burst open by the crash and but little remained of its contents. The searcher found a towel covered with mud in the trunk, and taking it to the river washed it carefully and his patience was rewarded by discovering the name "E. E. Zeller" marked upon the corner of the bit of linen. Miss Emmabelle Zeller, 16 years of age, is one of the list of missing, and the discovery of this mute witness adds corroborative proof to the belief that she was among the victims of the horror and that her body is now lying somewhere under the sands of either the Fountain or the Arkansas rivers.

Searching Party Well Organized

Another meeting of the relief committee was held in the rotunda of the Central block at 9 o'clock yesterday morning, and was largely attended. The committee made arrangements whereby each worker engaged in any of the searching parties sent out by the committee would receive pay for their services at the rate of $2 per day, and that for every body found a reward of $25 would be paid.

At the morning meeting a plan was arranged to raise finances to conduct the search, and no expense will be spared in its efforts to locate the still missing bodies. Every snag, island and possible place where a body could have become lodged will be thoroughly searched, and the sands along the Fountain and Arkansas rivers for miles will be carefully gone over by searchers with their long 8-foot iron rods, with which every man in the party is supplied. A committee to look after the finances in Pueblo was appointed, and consists of J. A. Barclay, S. H. White, Asbury White, W. F. Greer and L. E. Eyman. Secretary E. W. Palmer of the Business Men's association, was appointed as treasurer of the finance committee. George D. Meston, president of the Business Men's association, constituted the committee $1,000, and his name, together with that of Mayor H. J. Bonfils and J. A. Beshoar was afterward added to the committee on finances. President Meston of the association requested that all representative business men of the city to meet in the association rooms at 9 o'clock yesterday afternoon, and this meeting was largely attended. At this meeting the arrangements for the finance committee met and authorized Treasurer Palmer to secure two special trains, one over the D. & R. G. and
