ARTIST IN RESIDENCE:

# PCCLD launches Artist-In-Residence program

Pueblo City-County Library District launches Artist in Residence program at Rawlings Library.

Former Puebloan Kimberly Sewell is the program’s first artist in residence. Her work will be on display in the Maker Space beginning August 1. Kimberley is a multidisciplinary artist and educator currently located in Albuquerque, N.M. She is primarily a fiber artist and print-maker whose work explores the varying ways these mediums can be combined.

Artists chosen for the program are provided with dedicated time, space, and resources to focus on their creative work while engaging with a specific community, organization, or institution. The program typically allows artists to explore new ideas, experiment with their craft, and produce original art-work, often inspired by the local culture, history, or resources of the host institution.

In addition to displaying her work, Kimberley will also host open hours as well as artist workshops including cyanotype and block printing, blackout poetry, and more.

Kim holds an MFA in creative writing from Regis University and has shown work across Southern Colorado and throughout New Mexico, where she lives with her husband and their clowder of cats. Follow her on IG @housecat\_creations and on Fb at /HouseCatCreations or visit her website at housecatcreations.com.
