A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by all druggists.

OBITUARY

Robert A. Gilmore died at his residence in Nepesta early Saturday morning, December 7 at the ripe age of 65 years.

Coming to Colorado with the advance guard of pioneers in 1860, he had spent over forty years upon the ranch he occupied and a wide circle of friends attest the sterling worth and the warm generous nature of his character. His hospitality was unbounded, his charity limitless, his helpful sympathy beyond expression. Those who knew him will mourn a friend—all will feel that a good man has gone home.

Mr. Gilmore leaves a wife and four children. He was a distant relative of Patrick Sarsfield Gilmore of continental reputation.

The funeral will be held at 10 a. m. today from the residence. Interment at Fowler.

Goethals to Visit Washington.

Washington, Dec. 9.—Colonel George W. Goethals, engineer in chief of the isthmian canal commission will come to Washington in a week or ten days. It is said that Colonel Goethals will bring with him well defined views on the subject of widening the canal locks.

You may easily hide your ignorance of South Sea politics or North Pole explorations, but
