Many of the Republican leaders enjoy the friendship to the fullest extent of several of the officials whose acts permited the stealing of so many offices and from a point of view of personal friendship they would like to see these men nominated, but from a patriotic point of view they realize that they can not win, and they have advised their friends not to allow their names to come before the convention.

TELLURIDE

Special to The Chieftain.

Telluride, Aug. 18.—The body of Robert Howell, the teamster and freighter, who was drowned in the Delores river on June 9, by trying to ford that stream near the coke ovens, between here and Rico, was discovered yesterday. There was scarcely a strip of clothing on his body, owing to its having been washed along in eddies and over rocks for a distance of several miles. The funeral was held at the cemetery this afternoon. It is not known that he had any relatives in Rico.

Frank Mauney, the restaurant keeper who mysteriously disappeared Friday, has not yet been found. He left the restaurant and went to his house where he left his coat and vest, disappearing into the woods. Several people, in response to Mrs. Mauney's entreaties, have been searching for him, but so far without success. Mauney is supposed to be roaming around in the woods, scantily clad and may be found dead from exposure.

The Telluride and Durango baseball teams played an interesting game here this afternoon. The three grand stands were completely filled. Telluride was the winner 11 to 3. The batteries were: Barr and Hughes for Telluride and Hearts and Selzer for Durango.

Tomorrow afternoon these two teams play another game here which will be much more largely attended. There was considerable betting on today's game. Next Sunday Silverton and Telluride play here.
