TRAINS LATE—The cold weather of the past few days has inconvenienced the trains from the west and east and yesterday nearly every train was late. The snow fall on the western slope is the heaviest and trains are experiencing some delay from the west. The Rock Island is also having trouble in eastern Kansas and yesterday the two regular passengers were consolidated and arrived at Pueblo, in one section, several hours late.

POLICE REST—Disturbers of the peace and other miscreants have been "laying low" for the past few days and the police patrol has had but two or three trips to make in three days which is an exceptionally good record and is highly satisfactory to the operator and jailer these cold days. Only a very few prisoners were before Judge Druley in police court yesterday morning and those now in the city jail are serving out light sentences.

Morrone, a fair Italian maid and her sweetheart, asked for his services.

The groom created quite a sensation by refusing to pay the regular fee required on the making out of the certificate of marriage. He had just come from the county clerk, where he had paid the fee of three dollars for the license. He was of the opinion that the $3 were enough for any man to pay for the ceremonials. He could not talk English and it was hard to make him understand the necessity of paying the fee. C. F. Delliqudri, foormer deputy sheriff, happened in and explained matters.
