CORONER'S JURY ON EXPLOSION DECLARES CAUSE IS UNKNOWN

Primero, Feb. 3.—Coroner John Guilfoil this morning began his investigation of the Primero mine disaster, which was expected to reveal the cause of the calamity, but if such revelation came to coroner and jury, they failed to make it known in their verdict, which is as follows:

"We, the jury, find that C. Iskra, Emery Anderson and others came to their death by an explosion in the Primero mine January 31, 1910, and the cause of the said explosion is to this jury unknown."

Nine witnesses were examined, including General Manager E. H. Weitzel, State Mine Inspector John D. Jones, Leonardo Virgen, the only man taken out alive, fire bosses, electricians and others.

No more bodies have been taken out since early this forenoon, although twenty-two are still believed to be in the mine.

Bodies of sixteen more victims of the disaster were sent to Trinidad tonight and will be buried there tomorrow. One half of this number have not been identified tonight. There are no remains of victims of the mine but within are remains of at least twenty-two victims.

Rescuers today penetrated over a mile into the mine exploring a portion of the entry A-12. A number of bodies are believed to be in entries 13 and 14 which are still filled with after damp.

CHURCH BELLS TOLL FOR MANY FUNERALS

Trinidad, Feb. 3.—Thirty-four funerals were held in this city today. The gloom of the disaster in the neighboring camp of Primero settled over this city as the bells of the Holy Trinity church tolled from early morning until late this evening. The bodies of twenty-five Austrian-Hungarian, Croatian and Italian victims, were borne from the morgue to the church and thence to the Catholic cemetery in heavy drays.

The procession was headed by a band playing a funeral dirge and bareheaded miners and women, many of the latter carrying babies, trudged through the snowy streets at the side of the caskets. The bodies of nine Korean victims were buried this afternoon without religious ceremony.

Tomorrow will see a repetition of the scenes of today, there being sixteen bodies in the morgue here tonight, a number of which are unidentified. Stores of the city were closed today during the services. Many were draped in black and flags were at half mast.

Summer Excursion Rates.

Chicago, Feb. 3.—Passenger fares for conventions and special excursions next summer will be made on the same basis as during the last two or three years. This was determined at a meeting of a committee of general passenger agents yesterday representing the roads east of the Rocky mountains following a meeting of the transcontinental lines last week at which the same decision was reached for Pacific coast travel.
