To Look After Copper Interests

Mayor John T. West left last night for Salt Lake City, where he is interested in some extensive copper mining interests that are at present showing up better than a gold mine.

T. G. McCarthy, Lee Graham, J. W. Means and T. J. Quinn of Pueblo are also interested in the same venture.

Mayor West will be absent from the city for about a week, during which time Alderman J. D. King will handle the reins of city government.
