

Cloud Library: User's Guide

Cloud Library is a digital collection subscription that allows Pueblo City-County Library District patrons access to ebooks and digital audiobooks. Patrons can check out and/or place on hold up to **10 titles** on their Cloud Library account. This checkout limit is not associated with the physical items checked out from the PCCLD library. The loan period for digital titles is **21 days**.

How to access Cloud Library

Install the Cloud Library App onto your device. To connect to your library's digital collection, select **United States → Colorado → Pueblo City-County Library District**.

Cloud Library information can be found at www.yourcloudlibrary.com and <http://www.pueblolibrary.org/digitalmedia>

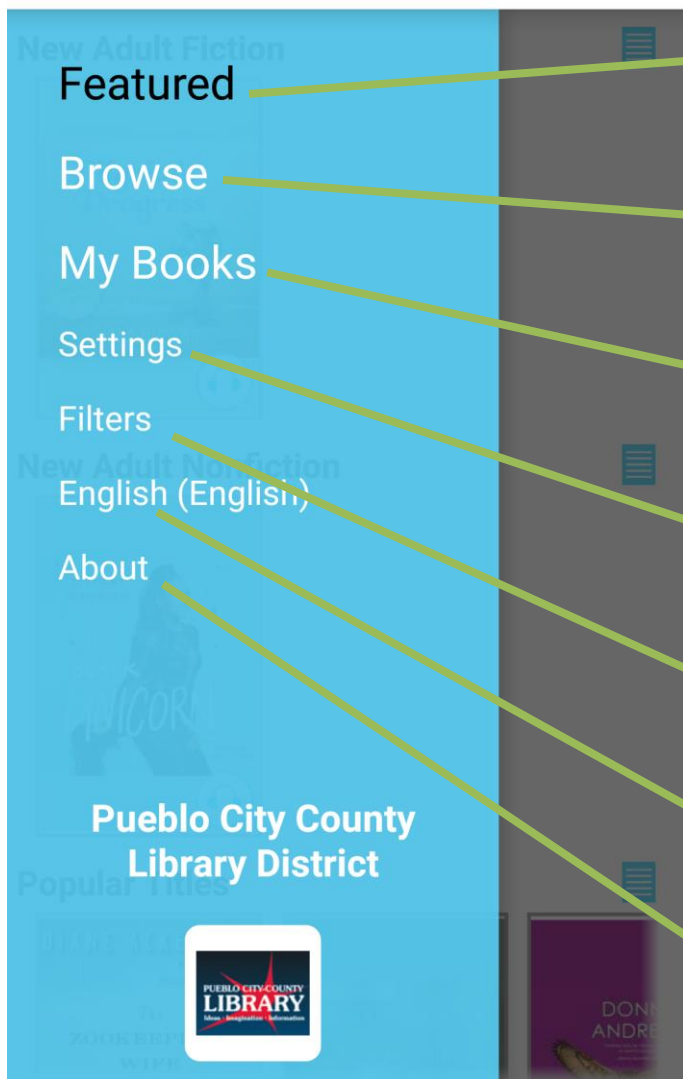

Compatible Devices

App	Recognized Devices	Find the App

Cloud Library Reading App

Pueblo City County Libr...  

Featured: Showcases titles highlighted by our library

Browse: Search all titles available and customize categories

My Books: Access to your checkouts, holds, and reading history

Settings: Set up email notifications, delete reading history, and activate sleep timer

Filters: Filter content by format and view

English (English): Select language

About: Links to PCCLD catalog, online help, and License agreement

Settings Tip: Go to **Settings** to set up email notifications. When ebooks placed on hold become available, cloud library will notify you through email.

Fun Fact! Certain device users will notice their virtual library card in the **Settings**. This virtual card can be scanned the same as a physical library card!

To filter out content in **Featured** and **Browse**, it is recommended to set up your **Filter** options:

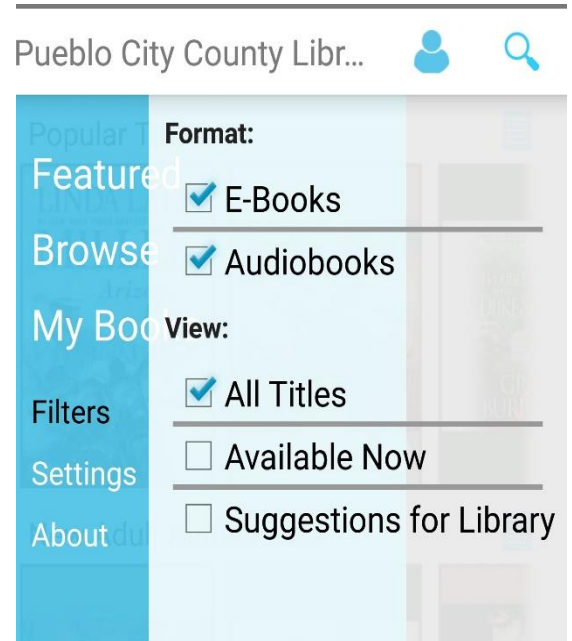

eBooks: only view ebook format

Audiobooks: only view audiobook format

All Titles: defaults to view all titles

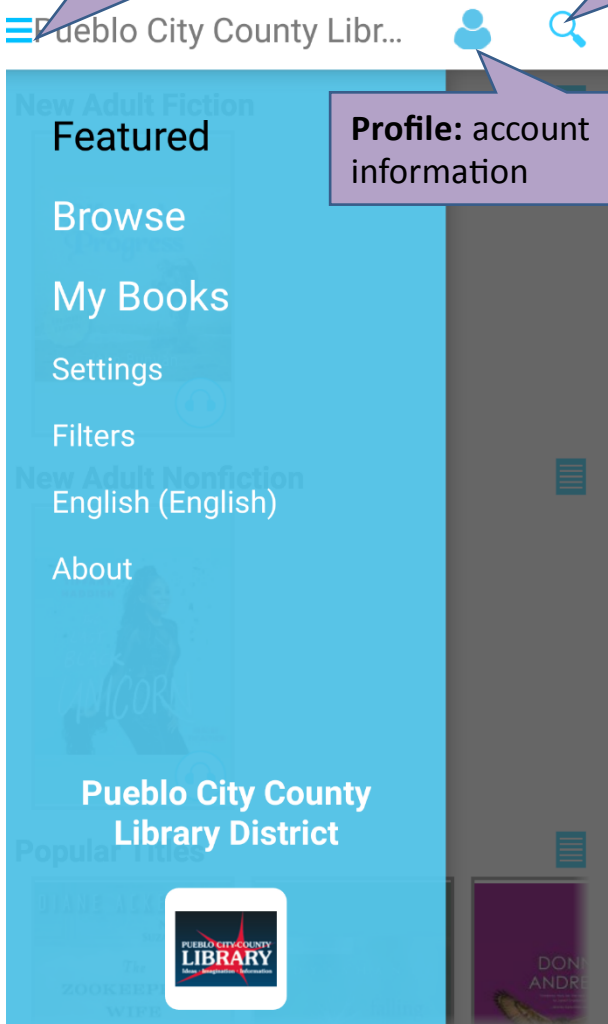

Available Now: only view titles available for immediate checkout.

Suggestions for Library: view all BiblioTech titles available but not owned by Pueblo City-County Library District. Patrons can recommend titles for purchase through the app.

Menu: tap to open, tap again to close

Search author, title, and keyword

Profile: account information
