Attendance - year over year:
 - January 2018 - 1,275
 - January 2019 – 807
 - 37% decrease
- Gains and Losses: Almost the entire decrease from last year to this year can be accounted for by one event. The YS Cubelet Kit was used in an outreach in 2018 that reached 600 people. Not counting that event, centralized attendance is quite robust this year, exceeding 2016 and 2017 by a healthy margin thanks to good teen and tween kit attendance and the SPELL and Storyreader programs.
- YS-In-House Program Attendance - year over year:
 - January 2018 - 2,659
 - January 2019 - 3,507
 - 96% increase!
- Gains and Losses: Increases in this category are primarily due to outreach events at Centennial - a big thanks to our Teen Librarian Brooke for arranging these! The Troll-a-Bratton and our food programs accounted for 500 attendees as well.

USER SERVICES

- Ordering has commenced for 2019 with Midwest Tape and Brodart. Set up and testing continues with Baker & Taylor and Ingram with Koha. There have been over 250 purchase requests since the middle of December that are being ordered through the new Purchase Request Module.
- There were quite a few graphic novel thefts at Rawlings in early January. After a targeted effort to monitor the GN area as well as provide additional physical processing, the thefts have decreased greatly.
- January was the highest month for Hoopla usage ever with almost 11,000 checkouts.
- The catalogers are continuing to learn the new system now that orders are coming in. Some vendors such as Amazon are easier to work with having KOHA. One glitch with KOHA is that we can't batch deleted e-records as we have in the past. They have to be deleted one by one manually. We will continue to try and find a solution for that.
- Daniel Gaghan continues to work with KOHA on numerous tickets including holds, Talking Tech, AMH, and refining the OPAC.
- We did get PayPal working so that customers can pay their fines on their online account.

THANK YOU MESSAGES

- The library received an *Ask Us* comment from Catherine Fox which read: “I wanted to take a moment to recognize the skilled presentations given by Kayci Barnett to our four 5th grade classes at North Mesa Elementary today. She presented the various databases available for patron use, as well as ideas on ways to utilize the facts for various projects. I was very impressed with her professionalism as well as her ability to make the presentation fun for the students. It was a great introduction to the staff from Giodone Library for our students who have not yet visited in person.”
- Janelle from the YMCA sent a Happy 2019 card to Jon Walker which read: “Thank you for your support of PCCLD’s involvement in Corporate Cup. We hope you all enjoy it as much as we do. Also thank you for your partnership with the Branch at the Y—we love serving Pueblo together. All the best in 2019.”

Respectfully submitted,
Jon Walker
