OBITUARY.

CHARLES AUTOBEES.

Charles Autobees, one of the best known residents of Pueblo county, died at his home on Salt creek yesterday after an illness of two years from Bright's disease. He was 31 years of age and had lived in this part of the state all of his life. He will be buried today in the cemetery at the Mexican settlement on the Huerfano.

GROUND CONSECRATED.

Impressive Exercises at Riverview Cemetery Yesterday Afternoon.

Bishop Spalding, of the diocese of Colorado of the Episcopal church, assisted by Rev. E. P. Newton of Holy Trinity church and Rev. W. O. Cone of the church of the Ascension, consecrated a large triangular section of Riverview cemetery which has been set aside for the future burial of Episcopal dead. The services, which were very impressive, were conducted at 2:30 p. m. in the presence of a large number of people. Full choral music was rendered by the choir of Holy Trinity church.

The shadowgraph pictures shown in Living Whist Thursday night at the De Remer theater, are made by human hands and is an artistic piece of work when done correctly. The gentleman who will make these pictures is probably the finest performer in the world. This feature will be one of the specialties introduced during the entertainment. Secure your seat at once.
