Scalds Prove Fatal to Child

Despite the efforts of physicians to save her life, Clara, the four-year-old daughter of Mr. and Mrs. H. A. Benesch, died last evening at the family home near Pinon from injuries received by falling into a tub of boiling water last Saturday night.

Mrs. Benesch had poured some boiling water into a tub which she had placed on the floor intending to give her children a bath and while she had stepped out for a moment to get some cold water to mix with it, Clara, who was playing in the room with the other children, fell backward into the scalding water.

Her cries of pain attracted the attention of Mrs. Benesch who rushed into the house and snatched her from the tub. Doctors were summoned immediately, but the child's flesh had been literally cooked and medical skill was of no avail.

The remains were brought last night to Linkins & Vories undertaking parlors and the funeral will be held this afternoon at 2 o'clock. Interment will be in Roselawn.
