Pueblo May Win

In addition to being the distributing point for envelopes, stamps and other supplies of the postoffice, there is a likelihood of this city being made the assorting office for parcel post packages. At present, this work is being done in Denver, but as the Denver Terminal Railway company does not wish to furnish the postal authorities the additional space they wish, therefore the change may be made to Pueblo soon. Postmaster Harrison has taken the matter up with the Denver Commercial club, hoping its intervention in the matter may save the station for Denver.

Funeral Notices

Mrs. Frank Bingham, formerly a well known resident of Pueblo, died Wednesday night at Estes Park, Colo. The remains, accompanied by the bereaved husband and other relatives, will arrive in this city today at noon. The funeral services, under the auspices of the Christian Science church, will be held at 2 o'clock this afternoon in the McCarthy funeral chapel. The interment in the family lot in Roselawn cemetery. Mrs. Bingham was much beloved by a wide circle of friends. She was a woman of noble character and kindly disposition. Her passing away will cause deep sorrow to all those who knew her in this, her old home.

The W. & D. Block will be completed and ready for occupancy by the first of November.

There are three suites of rooms on the second floor and four store rooms on the first floor not yet rented and prospective tenants will do well to call on the owners, White & Davis, and arrange for rooms wanted. This is one of the most desirable locations in the city and the entire building will doubtless be rented as soon as finished.

Passed Forged Checks

Detective Roddy yesterday arrested Oliver Kasel, who is charged with uttering a number of bad checks. Kasel is said to have signed the name of Fred Mahoney, a contractor, to two checks, one for $11.20 and another for $17.60. He is being held on a charge of investigation. In the meantime the detective department is trying to learn if any more bogus checks have been floated.
