MANUFACTURERS LEAVE ON JAUNT AT EARLY HOUR

Seven automobiles, containing twenty-five business men and their wives of Pueblo; leave at 7 o'clock this morning for the three day and a half trade excursion down the Arkansas valley, taking in all the enterprising towns along the Missouri Pacific and Santa Fe railroads east of Pueblo to the state line.

The event is planned as a sociability run, designed to effect better trade relations between the Pueblo manufacturers and jobbers, and the business men throughout the valley. The wives and families of several of the local business men will go on the trip. It is to be made a very enjoyable tour, as well as profitable.

In each of the towns visited the Puebloans will call upon the merchants and talk shop, while their wives will exchange greetings with the merchants' wives.

The first day will be spent along the Missouri Pacific. The second day will take the excursionists as far along the Santa Fe as Lamar. Friday, they go to Holly and back to Lamar. Saturday forenoon will be consumed in returning to Pueblo. The party contemplates arriving back in Pueblo by noon Saturday, so that a number of them may attend the big banquet in honor of B. F. Burglars entered the home of J. S. Lashley, 28 Block K, about 6 o'clock last evening and carried away a watch and three rings. The robbers gained entrance through the back door, which they opened with the key which had been left hanging inside the screen. There was no one in the house when the robbery occurred, the family being away at the time.

The person who did the work was evidently familiar with the habits of the family or else was on the lookout when Mrs. Lashley left the house as she placed the key just inside the screen so that her son could enter the house when he returned from work. No clews to the robbery have been found by the police.
