DISCHARGES GUN BY BLOWING IN IT AND IS KILLED

Blowing into the barrel of a shot gun to see if it was loaded, William H. Krenzke, brother of Gust E. Krenzke of this city, and a prominent rancher residing near Beulah, was accidentally shot four days ago and died yesterday morning from the effect of the gunshot wounds. For over three days he suffered untold agonies, and lay in the lonely ranch house, unable to care for his wounds, or summon assistance.

Krenzke has been living on the ranch near Beulah for the past twenty-four years. He lived alone and was fond of a secluded life. He enjoyed hunting and it was while preparing to go on a hunt that the accident occured. The gun had not been used for four years. It was loaded with a very small quantity of powder which exploded while he was blowing into the barrel.

It is thought that the shooting occurred Friday afternoon, although it is not known definietly when it happened. He was found Sunday afternoon at 1 o'clock when Gus Beason a ranchman living near Krenzke called at the home. He noticed Mr. Krenzke lying in bed and inquired the trouble.

When told that he had been shot Beason notified Gust Krenzke, W. F. Krenzke and other relatives and they were soon at his side. He died yesterday morning. The remains are at the Davis and Vories morgue in Beulah and the funeral will take place Wednesday afternoon at 2 o'clock. Rev. Sledze of Beulah will conduct the services. Interment will be in Beulah cemetery.
