DECLARE IT TO BE MURDER.

Verdict of the Coroner's Jury in the Killing of Mead.

That Charles M. Mead was murdered is the conclusion of the coroner's jury that has been inquiring into the circumstances prior to the finding of his dead body in the Rio Grande railroad yards on Thursday night, July 2. More than thirty witnesses were examined, but the jury declares that the crime was committed by persons unknown, no satisfactory evidence having been adduced pointing to any one as the murderer. The verdict was reached yesterday. The jury united in a formal request to the board of county commissioners to offer a reward for the apprehension and conviction of the guilty person or persons. No action has yet been taken by the board.
