der, and it was a source of gratification to see new faces in the choir. "Not Unto Us" was the anthem sung in the morning; "There is Rest for You" that used at night. Mrs. Gruendler rendered in her own happy manner the solo, "Dream of Paradise," which added greatly to the interest of the evening service.

"Ye shall know the truth and the truth shall make you free," John 8:32, are the words used by the pastor as his morning text. The sermon was an inspiration to those who seek higher ideals in Christian living, and it seemed unfortunate that the unfavorable weather should have kept any away from the service.

The first of a series of concerts in the interests of the pipe-organ fund will be given in the auditorium this evening under Prof. and Mrs. Gruendler's direction. We desire the encouragement of all in this worthy undertaking, and promise an enjoyable evening to all who will attend. At the close of the concert, a social hour will be spent in the church parlors, and refreshments will be served at small expense.

Many words and expressions of commendation were received by Dr. Craig upon his lecture, delivered in Colorado Springs last Wednesday afternoon, in the interests of the National Reform association. The subject was, "The Law of Absolute Right the Essential Basis of All Legislation." The subject had been assigned to President Slocum of Colorado college, but in his absence in California, Dr. Craig was invited to deliver one of the principal addresses.

City News in Brief

TRAIN DELAYED—D. & R. G. train No. 4 was delayed nine hours yesterday by a wreck on the western division.

CLUB MEETING—The Clio club will meet with Mrs. C. E. Hardesty, 1109 east Fifth street, Tuesday afternoon at 2:30.

PARLIAMENTARY CLUB —Pueblo Parliamentary club will meet this afternoon at 2:30 in the Swift block. Author for discussion, Elbert Hubbard.

PUEBLO CAMERA CLUB—A special meeting of the Pueblo Camera club will be held this evening at room 17 Opera House block, at which business of importance will be transacted. Mr. Dahlgren, representing the Eastman Kodak company, has consented to present before the club some practical points in plate and film developing. All interested are invited to be present.

Personal

E. Wilder called on Pueblo friends yesterday on his way to Denver from Mexico.

Mrs. Elmer Dewey is gaining her strength rapidly. Mr. and Mrs. Dewey are contemplating making Pueblo their home within a very short time.

Miss Maud Bonnell, from Kobe, Japan, is visiting her brother and wife, Mr. and Mrs. W. W. Bonnell, 18 block J. Miss Bonnell has been three years in Japan as a missionary, but failing health compelled her to return to America to recuperate. She will spend the summer here, hoping to be able soon to return to her work in Japan.

The Santa Fe parlor car between Pueblo and Denver is an added comfort.

TRY MY SYSTEM

Of COMPOUNDING LENSES for the EYE

It corrects astigmatism. It cures headache. It straightens cross eyes. It prevents cataract. It heals granulated lids. It removes nervous troubles. It cures pain on top of head and back of neck. It quiets the nerves. After many years of constant practice I have originated and perfected this system, which seldom fails to cure. I can refer you to many physicians, dentists, lawyers, and a thousand others who were benefited by this system.

DR. KLETZKY, Specialist.

Office:—35 Mechanics Building, Main Street. Hours:—9 to 11 a. m., 2 to 4 p. m. Sunday 10 to 11 a m

Some New Theories in the Murder Case

Just one week ago last night occurred the murder of Dr. Turner and E. C. Bishop in Lousteau's cafe on west Fourth street and the men who committed the crime are still at large. There was nothing tangible in the developments of yesterday and most of the suspects who have been arrested have been released for lack of sufficient evidence to hold them. The case is still a profound mystery to all.

Some of the facts in connection with the mysterious crime are of interest. Announcement from day to day in the papers that a number of suspects had been arrested aroused but little comment, but the records at the police station and sheriff's office show that there have been exactly 129 men taken in charge since the murder, an average of more than 18 per day. This number includes those arrested in surrounding towns and cities. Several of the suspects are still being held, but there is little to indicate that the real murderers are in custody.

Within the past two days has come a change in the theories as to the causes leading to the crime. The popular theory was that it was the work of two amateur holdups, one of whom became frightened at the critical moment and committed murder without really realizing what he was about, and that both ran away without accomplishing their original purpose. Investigation and recent developments have led the police to believe that the first theory was not so plausible as it first seemed. There is now a belief that it was not robbery that was planned but a deliberate double murder which was successfully carried out to the smallest detail and that the murderers calculated their work with the nicety of veterans and carried it through so skillfully that they succeeded in putting the authorities on a false scent.

Recently it has been learned that the two murdered men had common enemies. This fact is believed to be significant in view of the circumstances attending the killing. If murder of the two men was planned, the work was done in a manner indicating that those who did it were no novices. If robbery was the plan, the police are of the opinion that none but the most foolhardy and inexperienced would have made the attempt in question.

The search for the murderers is still being made, but the time that has elapsed since the tragedy lessens the chance of apprehending the wanted men. It is believed that if murder was planned the guilty parties will be shrewd enough to evade the law, and remain hidden until such time as it is safe to leave the state.

Senator Mason Boosts Roosevelt and State

United States Senator "Billy" Mason passed through the city yesterday morning, returning to Illinois from a visit to a new mining camp at Turret, near Salida, Colo. Senator Mason was traveling alone, and had been on a visit to the mining camp because of some financial interests he has there. He was enthusiastic over the prospects of the camp, and in a short talk with a representative of the Chieftain made the prediction that it would be another Cripple Creek inside of three years, and also that it would be the great copper center of the country. From mining to politics was not regarded by the Illinois senator as too great a step, especially when but a few minutes' stop was made by his train at this place, and he was in humor to give his views on whatever topic was suggested, and the senator said: "I am going to the national convention and help nail to the stars and stripes a Teddy banner."

Senator Mason also visited Denver, and left that city yesterday afternoon at 4 o'clock for Chicago. He has been in the state but a few days, but long enough to become thoroughly imbued with its prospects for even greater prosperity than now enjoyed.

Criminal Docket

Judge John H. Voorhees in division A of the district court will call the criminal docket this morning for the purpose of closing the criminal business of the present term of court. Prisoners will be arraigned, time of trial set and counsel assigned. All of the prisoners in the county jail, numbering fifteen, and an equal number who are out on bond will be arraigned. There are a number of minor criminal cases, but no big ones left for this term.
