In Memoriam

In loving memory of our beloved Steve Fatur who passed away 6 years ago today

We seem to see in the soft, dim light,
A face we love the best
And think of him when
the suns last ray goes
down in the far off west
We miss you no less as
the time passes on
Than we did on the day of
your going.
For absence can never

learn more about what the m
chines can do and how they c
bemade to do it while playing.

It was a predecessor of Atl
at Manchester University that w
taught how to write love letter
Appropriate words were fed in
its memory by Christopher Str
chey, now a leading comput
consultant. He then showed t
machine how to string the wor
together and left it to get on wi
the job.

One of its efforts:

"Honey dear: My sympathet
affection beautifully attracts yo
affectionate enthusiasm. You a
my loving adoration; my breat
less adoration. My fellow feeli
breathlessly hopes for your de
eagerness. My lovesick adorati
cherishes your avid ardor. You
wistfully, M.U.C."
